How Does Your Engine Run?, The Alert Program for Self-Regulation by Mary Sue Williams & Sherry Shellenberger uses the following analogy: "If your body is like a car engine, sometimes it runs on high (fast), sometimes it runs slow (low), and sometimes it runs just right."

How is Your "Engine" Running? — TLC Learning Center

How's your engine running? A strange question to ask your child, right? Well, not really. Lots of young children have been exposed at school to similar concepts which are simple ways of helping children figure out if "their engine" is running in the blue (low energy or even sad), green (just the right amount of energy, feeling good), or red (super high energy, or even mad/angry).

WHAT'S ALL THIS TALK ABOUT ENGINES

The Alert Program (ie, "How Does Your Engine Run?") teaches the man to fish! In our family, we started with just talking about it for about a week. Like this: - "Oh my, I am so tired this morning! I think I'll take a shower. Yes, that will make me feel more awake." - "You know Michael, I am running out of patience right now, and I feel angry.

How Does Your Engine Run

The Alert Program® has boiled down complex theory to create simple, practical solutions you can incorporate into your every day living. One of the analogies we use with children is, "If your body is like a car engine, sometimes it runs on high (hyped up), sometimes it runs on low (lethargic), and sometimes it runs just right (alert and focused)."
