Logic 3rd edition (9780199383405) - Textbooks.com

Because of this dual focus—on how to think logically as well as how to apply logic in everyday situations—this text shows students how life takes logic. Author Stan Baronett employs a clear and accessible writing style in which he addresses the reader as if they are in one-on-one discussion. Throughout the text, Baronett anticipates, asks, and answers the questions that typically arise during discussion of each topic—leading readers to a deeper understanding of the material.
