Machining for Hobbyists by Karl Moltrecht - Industrial ...

You can start with a typical hobby faceting machine designed to cut colored stones. However, it's easier with a diamond cutting scaife machine. These are larger in diameter (about 10 or 12 inches) and run faster (2600 rpm vs. about 1100 rpm) than faceting machines. You would cut on a cast iron lap made up as a dry wheel.
