Plagues And Peoples By William

No small themes for historian William McNeill: he is a writer of big, sweeping books, from *The Rise of the West* to *The History of the World*. *Plagues and Peoples* considers the influence of infectious diseases on the course of history, and McNeill pays special attention to the Black Death of the 13th and 14th centuries, which killed millions across Europe and Asia.

Plagues and Peoples: William H. McNeill: 9780385121224 ...

Upon its original publication, *Plagues and Peoples* was an immediate critical and popular success, offering a radically new interpretation of world history as seen through the extraordinary impact--political, demographic, ecological, and psychological--of disease on cultures. From the conquest of Mexico by smallpox as much as by the Spanish, to the bubonic plague in China, to the typhoid epidemic in Europe, the history of disease is the history of humankind.

Plagues and Peoples by William McNeill: 9780385121224 ...

William McNeill's *Plagues and Peoples* is an interesting combination of both science and history, something not seen very often. Throughout the book, he analyzes the effects various diseases have on a region's history. He accomplishes this by traveling through the years, beginning with the first hunters and going well into the 1900s.

Plagues and Peoples by William McNeill, Paperback | Barnes ...

Written in 1975 and revised in 1997, *Plagues and Peoples* remains an ambitious, timely study of the impact of disease on the course of world history. Historian William McNeill posits that two forces--micro-parasitism and macro-parasitism--are behind the emergence of plagues.

Plagues and Peoples by William H. McNeill

Another excellent book: *Plagues and Peoples* by William McNeill. "From the conquest of Mexico by smallpox as much as by the Spanish, to the bubonic plague in China, to the typhoid epidemic in Europe, the history of disease is the history of humankind."
