Primary Care of the Child with a Chronic Condition ...

One of these practices is primary caregiving—the practice in which the care of each infant or toddler is assigned to one specific caregiver who is principally responsible for caring for that child in the care setting and communicating with the child’s family (Lally & Mangione, n.d.). Consistent, responsive, and meaningful interactions with a primary caregiver build a child’s attachment with a familiar adult (Raikes & Edwards, 2009).

Primary Caregiving | Early Childhood Training and ...

How the "Primary Caregiver" Decision is Made. When determining which parent has taken care of a child the most for purposes of a custody decision, family courts focus on how parents have divided the key responsibilities for taking care of their child, including such tasks as: Bathing, grooming, and dressing; Meal planning and preparation;

Preference for the "Primary Caregiver" - FindLaw

Primary child custody factors in California include the child's best interests and the custodial parent's ability to care for the child. See California Child Custody Laws for a general breakdown of the law. Children's Best Interests Come First Courts in California are always most concerned with what is in the best interests of the child.

Primary Child Custody Factors in California - FindLaw

The person who performs the lion's share of these duties has historically been considered the child's primary caretaker. When parents can't agree on shared parenting, a judge will usually grant primary physical custody to the parent who has spent the most time caring for the child on a day-to-day basis, i.e., the child's primary caretaker. The other parent will be awarded secondary physical custody.

Determining a Child's Primary Caretaker| Marriage.com

A child's primary caregiver is the adult who assumes the most responsibility in caring for the health and well-being of the child. While one or both parents are the most common primary caregivers, this term is often associated with other adults who take on this role. Advertisement. Primary caregivers may include grandparents, other relatives or a legal guardian.

What is a Child's Primary Caregiver? - Reference.com

In a primary care system, the care of each infant or toddler is assigned to one specific infant and toddler teacher who is principally responsible for that child in the care setting. The primary caregiver's responsibilities include: fostering a relationship with the child and his or her family;

Primary Care

These decisions typically involve very important aspects of the child's health, safety, and welfare. Examples of such decisions include decisions as to what kind of schooling, medical care, and religious instruction the child receives. Parents with physical custody rights are those who are physically present with the child at the child's residence. The parent who spends the majority of the time with the child or children has "primary physical custody" and is referred to as the ...
