The Art of Problem Solving exhibition is a virtual showcase of some of the University of Newcastle's most exciting engineering and computing innovations - like a soft robot manta ray for coral reef research, a mind-controlled prosthetic hand, a contender for the world's fastest boat, a healthcare respirator and a scaffold for the human spine.

The Art of Problem Solving

This new paper edition of The Art of Problem Solving is perhaps the best example of Ackoff in action. Step by step, this practical guide shows you how to develop an understanding of the art of creative thinking and the design of creative solutions. Using "Ackoff's Fables"—humorous yet eminently practical parables, based on real problems by real managers—you'll see why solving a problem seldom solves the problem, but why approaching it from a new, unorthodox angle often does.

The Art of Problem Solving: Accompanied by Ackoff's Fables ...

The knowledge expressed in The Art of Problem Solving is TRUE mathematics, and is more valuable than the goal of high marks on the SAT.
